Winnebago Industries, Inc., designs, engineers, and builds a complete line of outstanding recreation vehicles. With the nation's largest and strongest network of dealers, Winnebago commands an enviable reputation for product availability, quality workmanship, and service. You'll find an authorized dealer close at hand no matter where you might be traveling.

Winnebago is a publicly owned company and in 1970 began trading its stock on the New York Stock Exchange. All products are backed by a financially strong and well respected company that continues in its role as the industry leader.

Winnebago continues to outsell all other recreation vehicle manufacturers. The reason is simple enough. You invest in the best recreation vehicle at the lowest possible price. Winnebago combines raw material buying power with mass production efficiency and vertical integration. Vertical integration simply means that Winnebago manufactures most of its own component parts. That saves money, and insures that all components meet our own high standards of quality and workmanship.

Whether you're a newcomer to the recreation vehicle field, or a seasoned veteran, there's a Winnebago product for you. When you go the Winnebago route, you've purchased the finest RV product that money can buy.

THERMO-PANEL® CONSTRUCTION, A WINNEBAGO EXCLUSIVE

Winnebago pioneered the development of this strong, lightweight and effective fabricating process. Exterior pre-finished aluminum and pre-finished interior paneling are sandwiched and permanently bonded to a core of Styrofoam** brand foam insulation. This process offers excellent insulating properties and insures that your Winnebago unit will be warmer in the winter; cooler in the summer.

THERMO-PANEL® GUARANTEE

Each new Winnebago motor home, travel trailer, camper coach, or Kap® Pickup Cover using our exclusive Thermo-Panel® Construction process is GUARANTEED against defects in lamination for the lifetime of the product to the original purchaser.

*Thermo-Panel is a registered trademark of Winnebago Industries, Inc.
**Styrofoam is a registered trademark of the Dow Chemical Company.

All descriptive and pictorial representations of the products in the catalog are believed to be current at the time of publication. However, due to changes in suppliers, design and production, accuracy cannot be guaranteed. Therefore, equipment, colors, material specifications and model availability are subject to change without notice. Please contact your Winnebago dealer for current model specifications.
