

Declare Your Independence In A '72 Winnebago

Three New Ways To Go The Winnebago

222CG CHIEFTAIN

Declaring your independence; then roughing it are two entirely different things. Especially if you select the all new 222 Chieftain Travel Trailer from Winnebago. With over 47 square feet of lounging area, twin upholstered lounge chairs, and the many exclusive Chieftain line of standard equipment items, there can hardly be any way to rough it on or off the Winnebago route.

This all new travel trailer features a complete and roomy color coordinated, bathroom including a colored tub, lavatory and stool. The dinette converts to a double bed for sleeping extra guests. And the front gaucho offers comfortable lounging area for relaxing or all those social occasions.

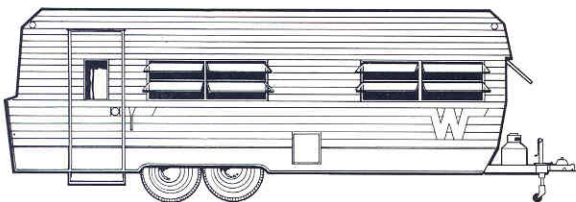

A complete kitchen, wall-to-wall shag carpeting, and plenty of storage area are just samples of other exclusive Chieftain features you'll find on the all new 222CG travel trailer, from Winnebago.

Winnnebago Route

220 INDIAN

Here's a new travel trailer you'll feel at home in on or off the road for years to come. It's our 20 foot 220 INDIAN with built-in features the lady of the house will certainly appreciate. Items like over 19' of over head cabinet space, a double stainless steel sink, pull out bread board, and the built-in counter top range and automatic oven. A roomy bathroom features a tub and shower combination. Built-in overhead cabinets and a full length wardrobe closet offer plenty of storage space. And the functional floor plan offers generous room for maximum liveability. The 220 is the newest in our popular INDIAN line of travel trailers and worth checking into before you decide on something less.

Winnnebago

Winnebago Industries, Inc., designs, engineers, and builds a complete line of outstanding recreation vehicles. With the nation's largest and strongest network of dealers, Winnebago commands an enviable reputation for product availability, quality workmanship and service. You'll find an authorized dealer close at hand no matter where you might be traveling.

Winnebago is a publicly owned company and in 1970 began trading its stock on the New York Stock Exchange. All products are backed by a financially strong, and well respected company that continues in its role as the industry leader.

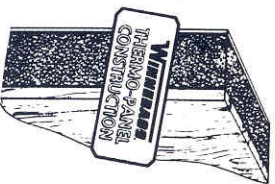

Winnebago offers a complete line of distinctively different motor homes, travel trailers, and camper coaches in either the BRAVE, INDIAN, or CHIEFTAIN series. There's a travel trailer, camper coach, or fully self-contained motor home for every recreation vehicle urge; for every pocketbook. In addition, Winnebago manufactures a full line of Kap Pickup Covers.

All Winnebago products are quality engineered and built in the world's largest recreation vehicle manufacturing facility. And because Winnebago outsells all other RV manufacturers, it can combine mass production efficiency with raw material buying power. In addition, Winnebago makes use of vertical integration manufacturing concepts. With vertical integration, many of the key component parts are manufactured in our own plant. That reduces costs and insures that every product meets our own high standards of quality and workmanship. For you, that means greater value—getting more for your money when you buy Winnebago.

Whether you're a newcomer to the recreation vehicle field, or a seasoned veteran, there's a Winnebago product that will satisfy your individual needs. When you go the Winnebago route, you've purchased the finest RV product that money can buy.

THERMO-PANEL* CONSTRUCTION...A WINNEBAGO EXCLUSIVE.

Your Winnebago recreation vehicle will be warmer in the winter; cooler in the summer because of our exclusive Thermo-Panel* Construction process. Exterior pre-finished aluminum and interior paneling are sandwiched and permanently bonded to a core of Styrofoam** brand plastic foam insulation. This unique fabricating process is strong, lightweight, and provides excellent insulating properties. And our exclusive Thermo-Panel* Construction process is GUARANTEED against defects in lamination for the lifetime of the product to the original purchaser.
