**THE UNBEATABLE  
WINNEBAGO Brave.**

# PROOF YOU CAN GET WITHOUT SPENDING

If there's one reason we're Number One, it's because Winnebago has always built motor homes that give you a lot more for your money. Like the incomparable Brave.<sup>®</sup>

The Brave is built with a genuine concern for safety and lasting dependability. It's ingeniously designed to provide plenty of inviting space for family fun. And it gives you the comfort and convenience of home.

All at a sensible, down to earth price.

This combination of quality and value makes the Brave just plain unbeatable. Especially today.

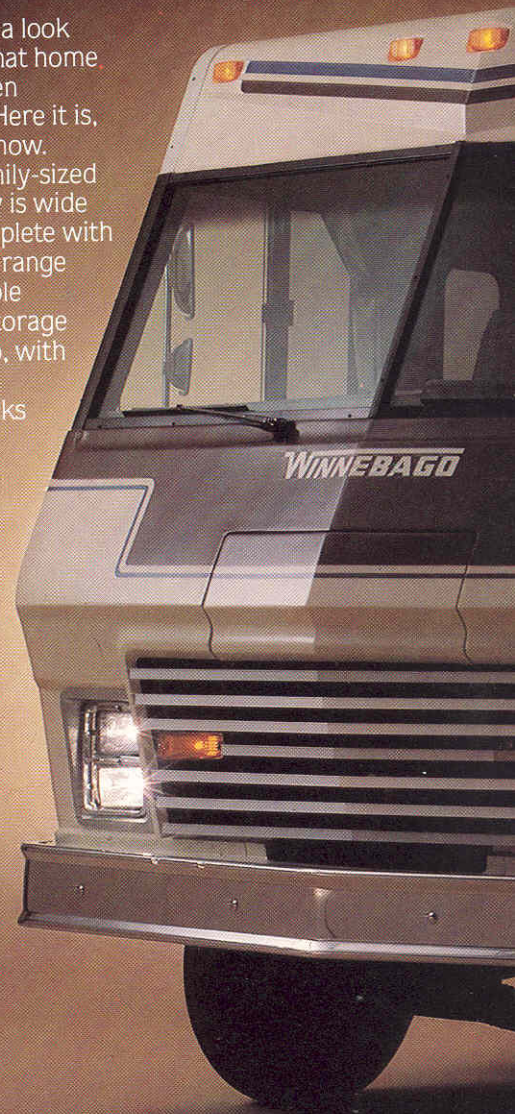

Step in and take a look around. Remember that home by the lake you've been promising yourself? Here it is, without the lawn to mow.

The Brave is family-sized all the way. The galley is wide open, and comes complete with a 3-way refrigerator, range with oven and a double stainless steel sink. Storage space is full-sized, too, with plenty of room for everything from snacks to sneakers.

The Brave will take all the excitement your day has to offer, even create some of its own, and then bed down as many as 6 in soft, roomy comfort.

Take a close look at the detailing. You'll see the unmistakable mark of craftsmanship that has kept Winnebago at the top of the industry.

Even more important is what you can't see: the remarkable way in which the Brave is put together. We start with a heavy duty Chevy chassis and add a super strong steel

# MORE MOTOR HOME GIVING MORE MONEY.

frame. Our Thermo-Panel® exterior goes on light, tight and tough, providing superior insulation against road noise and weather.

Winnebago has the confidence to offer an extended 5 year/ 50,000 mile Traveler's Protection Plan. And we offer the Dual/Fuel system which lets you switch easily from gasoline to LP gas for true traveling economy.

To really know the Brave, you have to try it on the road. You'll find 3 unbeatably irresistible models to choose from. Take one out.
