**THE UNBEATABLE  
Minnie Winnie AND NEW  
Six Twenty One.**

# SETTLE FOR LESS AT THE GAS

Dollar for dollar, inch for inch and mile for mile, you're looking at the best mini motor homes in the business.

For instance, our new Winnebago Six Twenty One is crammed with more features, more fussy touches and more built-in dependability than you'll find in some motor homes that are 4 feet longer.

The Six Twenty One is 21 feet of Jack-be-nimble performance. Its thrifty V-8 engine acts like one of the big guys without eating like one. And it comes with an optional Dual/Fuel system that uses gasoline or liquid propane for true traveling economy.

Sit back in those deluxe bucket seats. Then swivel around to see the real secret of the Six Twenty One's efficiency of design: a stretch-out living space that somehow puts everything in its place and nothing in your way.

The appliances are high quality name brands. Upholstery, carpeting and wall coverings are specially selected to be carefree. It looks, and feels, like home.

Thoughtful safety features include an LP leak detector, power brakes and steering, fire extinguisher, RV duals on the back, plus much more.

Outside, the Six Twenty One is sleek and trim to slip

through the wind. Underneath, a strong steel frame is bolted to a rugged Chevy chassis.

Like all Winnebagos, the Six Twenty One is built to last. And last. We're so confident that we offer a 5 year/50,000 mile Traveler's Protection Plan.

But the Six Twenty One is more than just a spectacular motor home. It's a feeling. A very special feeling of family fun on the run. Experience it now with your family.

Take a Six Twenty One on the road, and discover the fun and features that make it unbeatably Number One.
